Re: ARRA – USE OF FUNDS

The purpose of this correspondence is to inform you that Wallace Community College – Dothan will use ARRA funds totaling \$937,482 to retain the employment of fourteen non-tenured instructional positions. Without these funds, these positions would have been eliminated under the College's Reduction in Force policy.

In addition, please be advised that our institution has also been awarded an ARRA grant totaling \$146,298 for our Drop into CNA training program. This program will instruct qualified students in the Certified Nursing Assistant field. The program will be located in Barbour County and will provide needed employees to the healthcare field.

If you have any questions, or if I can be of further assistance, please call.
