

**RADIOLOGIC TECHNOLOGY PROGRAM
SELECTION CRITERIA**

I. 50% from GPA in Math, Science, English (college level unless only high school available)

A= 95
B =85
C =75

Example: Math A – 95 eg., $95 + 85 + 95 = 275/3 = 91.6$
 English B – 85 $91.6 \times .5 = 45.5$
 Science A - 95

II. 50% from Compass scores in Math, Writing, Reading

Math – Actual score on the General Algebra component of the COMPASS

Writing – Actual score on the English component of the COMPASS

Reading – Actual score on the Reading component of the COMPASS
A minimum score of 76 required

**Math + Writing + Reading / total maximum points possible
Take this score and multiply by .50**

III. GPA points + COMPASS points = Total Applicant Score

* One point will be added to the above score for each required general education course in which a “C” or better is obtained

IV. Applicants are then ranked

Note: If a tie should exist between applicants, the GPA will determine ranking
