

# New Adventures 2017

Wallace Community College

# KID'S COLLEGE

## JOIN US AT SCIENCE WORLD THIS SUMMER!

**ROBOTICS** - Campers will be introduced to the history of robotics, robots in space, robots in everyday life and uses of robots. They will see videos and PowerPoints, make numerous robots, design their own, and get a possible visit by the Dothan Bomb Squad (upon availability).

**CRAZY SCIENCE** - Campers will become detectives and solve the mysteries of science. They will decode messages and find clues to formulas and experiments of the day. Eating, bouncing, and blowing up are just part of the fun.

### GRADES 1-3
