DISABILITY SUPPORT SERVICES (DSS)

Disability Support Services provides reasonable accommodations and services for qualified students with documented disabilities.

What is a disability? What does DSS do?

The Americans with Disabilities Act, 1990, defines a disability as a “mental or physical impairment which substantially limits one or more major life activities.” Walking, eating, talking, breathing, writing, listening, and learning are examples of major life activities. If you have a documented impairment, you may be entitled to certain accommodations under the ADA.

What are “reasonable accommodations and services”?

Reasonable accommodations and services may include priority registration, extra time on tests, special seating arrangements, assistance with class notes, and/or alternate format materials, such as tape recorders, large print, or other adaptive technology, which meet the individual needs of the person with the disability.

Placement and Challenge Exam Procedures

According to Alabama State Board of Education Policy 802.1, students may challenge English, math, and/or reading ASSET®/COMPASS™ placement scores by retesting one time only if first scores are unsatisfactory. A fee of \$8 is charged to retake COMPASS™.

A CIS 146 challenge exam is also available. Contact Mr. David Cruz-Wells at 334-556-2255, 1-800-543-2426 (Ext. 2255), or e-mail dcruzwells@wallace.edu. No more than 10 applicants per test are allowed for this challenge exam. Students should be on time. No one will be tested after 15 minutes into the test. Contact Mr. Cruz-Wells 24 hours prior to testing to allow time for scheduling and resource allocation.

The Alabama Community College System Biology Placement Exam is available for students who desire to exempt BIO 103, which is the prerequisite for BIO 201—Anatomy and Physiology I and BIO 220—General Microbiology. A fee of \$26.25 is required prior to biology placement testing, and students may not retest. Payment forms for all tests are available on the Wallace Campus in Grimsley Hall, Rooms 116, 119, and 120 and on the Sparks Campus in the Front Office of Building A.

Payment forms must be processed in the Business Office or appropriate designated office on each campus. Students must bring a receipt and a federal or state photo identification to the Test Center. Technology-Based Instruction

Information About Online and Hybrid Classes

Wallace Community College uses Blackboard® to support its online instructional programs. This technology provides students with an opportunity to pursue courses in formats that meet all course requirements while reducing in-class time. Faculty members are able to post course syllabi, contact information, and course content and ensure that students are aware of online activities that require participation, such as communicating with the instructor and other students, completing online assignments and quizzes, and posting course grades. Students must be aware of the requirements for each course in which they are enrolled.

Online and Hybrid Courses with On-Campus Labs

The Internet is used to deliver instruction in the following courses:

- Online courses are delivered over the Internet using Blackboard®. These courses will require the student's physical presence on-campus to complete selected exams.
- Hybrid courses with on-campus meetings meet online for a portion of the course meetings. Students are required to attend scheduled on-campus sessions at the designated campus.
- Online and hybrid courses require use of the Blackboard® system. Students can access the Blackboard® system at courses.wallace.edu.

Requirements and Assistance for Online and Hybrid Courses

- Starting Fall term 2011, students MUST complete eLearning Training prior to registering for online courses.
- Students should contact the Center for Instructional Excellence if they do not have access to eLearning Training in their Blackboard® course list. The Center for Instructional Excellence can be reached at...

CTC 124 on the Wallace Campus

Information on computer requirements, accessing the Blackboard® system, and directions for completing the eLearning Training session can be found at the College distance education home page at http://wallace.edu/programs/distance_ed.

Online Classes

NOTE: LOG ON TO ALL ONLINE CLASSES FROM THE WALLACE COMMUNITY COLLEGE HOME PAGE

Wallace Community College offers many classes that reduce the amount of time students must physically be on campus. These online and hybrid classes are indicated by “N” or “H” in the section number. While online classes do not require weekly meetings, they do require students to complete mid-term and final exams on campus under the direct supervision of the instructor. Hybrid classes require students to attend weekly on-campus meetings throughout the semester. Wallace Community College does not offer classes that are entirely online.

Students interested in taking online or hybrid classes should carefully consider their learning styles. These classes require students to be self-motivated and able to complete assignments with minimal supervision. Students should also possess strong computer skills. The eLearning training will help ensure that students are ready for online courses. The eLearning training is highly recommended for all students, even those not taking online courses.
