DISABILITY SUPPORT SERVICES (DSS)

Disability Support Services provides reasonable accommodations and services for qualified students with documented disabilities.

What is a disability? What does DSS do?

The Americans with Disabilities Act, 1990, defines a disability as a “mental or physical impairment which substantially limits one or more major life activities.” Walking, eating, talking, breathing, writing, listening, and learning are examples of major life activities. If you have a documented impairment, you may be entitled to certain accommodations under the ADA.

What are “reasonable accommodations and services”?

Reasonable accommodations and services may include priority registration, extra time on tests, special seating arrangements, assistance with class notes, and/or alternate format materials (such as tape recorders, large print, or other adaptive technology) which meet the individual needs of the person with the disability.

Placement and Challenge Exam Procedures

According to Alabama State Board of Education Policy 802.1, students may challenge English, math, and/or reading ACCUPLACER® placement scores by retesting one time only if first scores are unsatisfactory. A fee of \$10 will be charged for each section of the test a student is retaking. Students must wait two weeks before being allowed to retest.

The CIS 146 challenge exam is also available. This exam is administered in the testing center in Grimsley Hall 126 on the Wallace Campus. A list of testing dates and times is available on the College website at www.wallace.edu under Student Services.

The Alabama Community College System Biology Placement Exam is available for students who desire to exempt BIO 103, which is the prerequisite for BIO 201—Anatomy and Physiology I and BIO 220—General Microbiology. A fee of \$26.25 is required at registration, prior to biology placement testing. Students may not retest.

Payment forms must be processed in the Business Office or appropriate designated office on each campus. Students must bring a receipt and a federal or state photo identification to the Test Center. For Test Center hours, contact the Wallace Campus at 334-983-3521 (Ext. 2296) or the Sparks Campus at 334-687-3543 (Ext. 4210).

Notes to the Faculty:

- Faculty teaching courses that do not follow the standard day/time scheduling scheme will determine test dates and times within the testing period that best complement the standard schedule.
- Faculty members in technical, nursing, and allied health programs whose courses combine theory, lab, and clinical meetings should use the theory meeting time to schedule their final exams.
- Faculty members teaching distance education classes and those who offer traditional course final exams via Wallace Online will make arrangements for computer labs for their exams.
- Faculty should remember that traditional courses following the standard day/time scheduling scheme take priority over distance education courses. Distance education courses must make allowances in scheduling to accommodate students' traditional course final exam schedules.
