

Vision

Intensive, supportive, and proactive services that prepare students for a rigorous educational pursuit

Mission Statement

TRiO SSS First-Year College Experience will focus its attention on preparing students to transfer to four-year colleges and universities. Therefore, the TRiO SSS staff will take a holistic approach to ensure that its participants engage in a multifaceted experience during their first two years of college. Of course we are referring to the following:

Values

Academic preparation

- Provide academic tutorial assistance using both professional and peer tutors.
- Provide supplemental instruction in English, reading, and mathematics

Financial preparation

- Find innovative ways to assist moderate and low income families to secure funding for education
- Assist in completing and filing the FAFSA (Free Application Federal Student Aid)
- Search and find available scholarships and other aids for participants
- Develop awareness of financial needs and economical restrains as well as the budgetary skills and the knowledge to resolve such crisis.

Social preparation (networking)

- Develop a network of professional advocacy in selected field of studies
- Solidify college access for participants through a network of partners at four-year colleges and universities.
- Facilitate on-going communications with professional mentors and participants.

Motto

“One transferee is the gateway for others to achieve their highest educational pursuit.”
