DISABILITY SUPPORT SERVICES (DSS)

Disability Support Services provides reasonable accommodations and services for qualified students with documented disabilities.

What is a disability? What does DSS do?

The Americans with Disabilities Act, 1990, defines a disability as a “mental or physical impairment which substantially limits one or more major life activities.” Walking, eating, talking, breathing, writing, listening, and learning are examples of major life activities. If you have a documented impairment, you may be entitled to certain accommodations under the ADA.

What are “reasonable accommodations and services”?

Reasonable accommodations and services may include priority registration, extra time on tests, special seating arrangements, assistance with class notes, and/or alternate format materials (such as tape recorders, large print, or other adaptive technology) which meet the individual needs of the person with the disability.

Placement and Challenge Exam Procedures

According to Alabama State Board of Education Policy 802.1, students may challenge English, math, and/or reading ASSET®/COMPASS™ placement scores by retesting one time only if first scores are unsatisfactory. A fee of \$8 is charged to retake COMPASS™.

A CIS 146 challenge exam is also available. Contact Mr. David Cruz-Wells at 334-556-2255, 1-800-543-2426 (Ext. 2255), or e-mail dcruzwells@wallace.edu. Contact Mr. Cruz-Wells 24 hours prior to testing to allow time for scheduling and resource allocation.

The Alabama Community College System Biology Placement Exam is available for students who desire to exempt BIO 103, which is the prerequisite for BIO 201—Anatomy and Physiology I and BIO 220—General Microbiology. A fee of \$26.25 is required at registration, prior to biology placement testing. Students may not retest.

Payment forms must be processed in the Business Office or appropriate designated office on each campus. Students must bring a receipt and a federal or state photo identification to the Test Center. For Test Center hours, contact the Wallace Campus at 334-983-3521 (Ext. 2208, 2281, and 2294) or the Sparks Campus at 334-687-3543 (Ext. 4210).

Technology-Based Instruction

Information About Online and Hybrid Classes

Wallace Community College uses Blackboard® to support its online instructional programs. This technology provides students with an opportunity to pursue courses in formats that meet all course requirements while reducing in-class time. Faculty members are able to post course syllabi, contact information, and course content and ensure that students are aware of online activities that require participation, such as communicating with the instructor and other students, completing online assignments and quizzes, and posting course grades. Students must be aware of the requirements for each course in which they are enrolled.

Online and Hybrid Courses with On-Campus Labs

The Internet is used to deliver instruction in the following courses:

- Online courses are delivered over the Internet using Blackboard®. These courses will require the student's physical presence on campus to complete selected exams.
- Hybrid courses with on-campus meetings meet online for a portion of the course meetings. Students are required to attend scheduled on-campus sessions at the designated campus.
- Online and hybrid courses require use of the Blackboard® system. Students can access the Blackboard® system at courses.wallace.edu.

Requirements and Assistance for Online and Hybrid Courses

- Starting fall term 2011, students MUST complete eLearning Training prior to registering for online courses.
- Students should contact the Center for Instructional Excellence if they do not have access to eLearning Training in their Blackboard® course list. The Center for Instructional Excellence can be reached at...

CTC 124 on the Wallace Campus

Information on computer requirements, accessing the Blackboard® system, and directions for completing the eLearning Training session can be found at the College distance education home page at http://wallace.edu/programs/distance_ed.

Online Classes

NOTE: LOG ON TO ALL ONLINE CLASSES FROM THE WALLACE COMMUNITY COLLEGE HOME PAGE

Wallace Community College offers many classes that reduce the amount of time students must physically be on campus. These online and hybrid classes are indicated by “N” or “H” in the section number. While online classes do not require weekly meetings, they do require students to complete mid-term and final exams on campus under the direct supervision of the instructor. Hybrid classes require students to attend weekly on-campus meetings throughout the semester. Wallace Community College does not offer classes that are entirely online.

Students interested in taking online or hybrid classes should carefully consider their learning styles. These classes require students to be self-motivated and able to complete assignments with minimal supervision. Students should also possess strong computer skills. The eLearning training will help ensure that students are ready for online courses. The eLearning training is highly recommended for all students, even those not taking online courses.

2012-2013 Important Financial Aid Changes

Pell Grant Lifetime Eligibility Notice

The U.S. Department of Education recently established new regulations which reduce the duration of a student's lifetime eligibility to receive Pell Grant from 18 full-time semesters (or its equivalent) to 12 full-time semesters (or its equivalent). This provision applies to all Federal Pell Grant eligible students effective 2012-13.

What does this mean to you?

An eligible student can receive the Federal Pell Grant until the earliest of a bachelors degree or until the student has received the Federal Pell Grant for an equivalent of 12 full-time semesters. This limitation includes the percentage of Federal Pell Grant the student has received from **all** post-secondary institutions regardless of when the student began receiving aid. Since receipt of a full Federal Pell Grant annual award is equivalent to 100% (based on two (50%) full-time semesters per award year), 12 full-time semesters equates to 600%. The following is applicable to Wallace Community College:

- Each full-time semester (12 or more credits) that the student receives the Federal Pell Grant represents 50% of an annual award.
- Each three-quarter semester (9 to 11 credits) that the student receives the Federal Pell Grant represents 37.5 % of an annual award.
- Each half-time semester (6 to 8 credits) that the student receives the Federal Pell Grant represents 25% of an annual award.
- Each part-time semester (1 to 5 credits) that the student receives the Federal Pell Grant represents 12.5% of an annual award.

In mid-April, the U.S. Department of Education will begin sending e-mail messages to all 2012-13 FAFSA applicants who appear to be Pell Grant eligible and are in excess of 450% of their Pell Grant lifetime eligibility. This process will be repeated weekly until July for FAFSA filers and for filers making corrections to their FAFSA information.

Tracking Your Lifetime Eligibility Used on NSLDS

You can find your *Lifetime Eligibility Used* for the Federal Pell Grant by going to the web site www.nsls.ed.gov and creating a student account. The National Student Loan Data System (NSLDS) is the U.S. Department of Education's (ED's) central database for student aid. NSLDS receives data from schools, guaranty agencies, the Direct Loan program, and other Department of ED programs. NSLDS Student Access provides a centralized, integrated view of Title IV loans and grants so that recipients of Title IV Aid can access and inquire about their Title IV loans and/or grant data.

The National Student Loan Data System (NSLDS)

- Step 1: Obtain a Personal Identification Number (PIN) from the U.S. Department of Education at www.pin.ed.gov or have the PIN that was used when you applied for your FAFSA. This PIN serves as your electronic signature and provides access to your personal records with the U.S. Department of Education systems.
- Step 2: Access NSLDS by going to www.nsls.ed.gov. On the NSLDS screen, click on Financial Aid Review.
- Step 3: Read the privacy statement on this screen. If you agree, click **Accept** to find your Lifetime Eligibility Used. A security configuration question may or may not prompt, depending on your browser's current security configuration. If you are comfortable with your browser's current

security configuration, click **Accept** to continue. The **Confirming Your Identity** screen will appear after you click **Accept**.

- Step 4: Enter your **Social Security** number (SSN), *the first two letters of your last name*, your *date of birth*, and your *PIN* to confirm your identity. **Keep your PIN safe and secure.**

New Verification Requirements

The U.S. Department of Education has instituted some changes to the verification process for the 2012-13 award year. According to the U.S. Department of Education Dear Colleague Letter GEN 11-03:

Since most applicants can quickly and easily access IRS data through the FAFSA-IRS Data Retrieval process, we no longer consider it reasonable for an institution to accept anything less reliable than IRS-supplied evidence for verification of income data. Therefore, if an applicant selected for verification has not successfully transferred information from the IRS, or transferred the information but then changed it, the Department will expect the institution to require the applicant, and if necessary the applicant's parents, to provide an official IRS transcript of their Federal income tax information..

What This Means

Students and parents can no longer submit a signed copy of their Federal tax returns as a means of confirming the income reported on the FAFSA. When

completing the income sections of the FAFSA, the applicant is given the option to have this data retrieved directly from the IRS at the time of FAFSA Completion.

If applicants decide not to use the IRS data retrieval process and the application is selected for verification, the applicant and the parents will be required to submit an IRS Tax Transcript.

If the IRS tax retrieved information is changed on the FAFSA, the applicant will be required to submit an IRS Tax Transcript.

However, the IRS data can be retrieved by the applicant when a correction is made to the FAFSA. If the retrieved data is not changed, then an IRS Tax Transcript will not be required.

The IRS Data Retrieval process began on February 5, 2012. In order to determine if the applicant is eligible to use the retrieval process, the applicant must have a 2011 tax return on file with the IRS at the time of FAFSA Completion.

Tax Filers with Special Circumstances

The IRS Tax Retrieval may not be available for the applicant in the following circumstances:

- A joint tax return was filed for 2011 and the student or the student's parents have filed the FAFSA with a marital status of separated, divorced, or widowed.
- If the tax filer is married to someone other than the individual included on the 2011 joint tax return.
- If the parent or student was not married in 2011 but is married at the time the FAFSA is filed. The current spouse's income must be reported on the FAFSA.
- If the parents or the student is married but filed tax returns separately.
- If an amended tax return was filed.

Requesting an IRS Tax Transcript

This can be done free of charge from the IRS one of three ways.

Online Request

- Available on the IRS website at www.irs.gov.
- In the Tools section of the homepage click “Order a Return or Account Transcript.”
- Enter the tax filer’s social security number, date of birth, street address, and zip or postal code. Use the address currently on file with the IRS. Generally, this will be the address that was listed on the latest tax return filed.
- In the Type of Transcript field, select “Tax Return Transcript” and in the Tax Year field, select “2011.”
- If successfully validated, tax filers can expect to receive a paper IRS tax return transcript at the address included in their online request, within 5 to 10 days from the time the online request was successfully transmitted to the IRS.

Telephone Request

- Available from the IRS by calling 1-800-908-9946.
- Tax filers must follow prompts to enter their social security number and the numbers in their street address. Generally this will be numbers of the street address that was listed on the latest tax return filed.
- Select “Option 2” to request an IRS tax return transcript and then enter “2011.”
- If successfully validated, tax filer can expect to receive a paper IRS tax return transcript at the address that was used in their telephone request within 5 to 10 days from the time the IRS receives the request.

Paper Request Form – IRS Form 4506T-EZ

- Use IRS Form 4506T-EZ.
- Download at www.irs.gov.
- Complete lines 1 – 4, following the instructions on page 2 of the form.

- Note that line 3 should be the most current address as filed with the IRS – it is the address where the IRS Tax Return Transcript will be sent.
- If the address has recently changed, include the address listed on the latest tax return filed on Line 4.
- The tax filers (or spouse if requesting information from a joint tax return) must sign and date the form and enter their telephone number. Only one signature is required to request a transcript for a joint return.
- Mail or fax the completed IRS Form 4506T-EZ to the appropriate address (or FAX number) provided on page 2 of Form 4506T-EZ.
- Tax filers can expect to receive their transcript within 5 to 10 days from the time the IRS receives and processes their signed request. NOTE: Processing form 4506T-EZ means verifying/validating the information provided on the form. If any information does not match the IRS records, the IRS will notify the tax filer that it was not able to provide the transcript.

Nontax Filers Selected for Verification

For an individual that has not filed and, under IRS rules is not required to file an income tax return, a copy of IRS Form W-2 for each source of employment income received in tax year 2011 must be provided.

Qualifying Income for Automatic Zero EFC Reduced

Qualifying income for the Automatic Zero EFC determination has been reduced to \$23,000 from the current \$30,000 beginning with award year 2012-13. Auto-zero applies only to EFC calculations for dependent students (based on parent income) and independent students with dependents other than a spouse (based on the combined income of the student and spouse).
