Per College curriculum requirements, the following courses must be completed with a "C" or higher in order to complete your Practical Nursing Certificate at Wallace Community College:

ORI101, Orientation to College(1 credit hour) or ORI105, Orientation and Student Success (3 credit hour).

Total Program Credit Hours: 49 Hours (52)

Students must maintain current cardiopulmonary resuscitation certification throughout the PN program in order to participate in clinical experiences. Certification must be American Heart Association or American Red Cross Basic Life Support (BLS) for Health Care Providers (CPR/AED). On-line certification without hands-on skill validation is not acceptable to meet this requirement. Two options exist for obtaining this certification:

1. take through the College by registering for EMS 100 prior to or concurrent with NUR 102
2. take courses by either of the above named providers at any other approved agency or facility and present proof of successful completion prior to registration for NUR 102

Comprehensive Assessment (CA) through use of standardized and validated assessment tools will be incorporated into each NUR-prefix course. This assessment may or may not comprise a portion of grade calculation and is intended to aid in advisement, counseling, and/or remediation of students. Costs associated with CA are the responsibility of the individual student.
