Wallace CC Opt Out

How to opt out

Students who wish to not participate in the Books+ program will have the opportunity to opt out starting December 11 for Spring semester.

- To opt out the student will need to go to Wallace.edu/bookstore
- Click “Can I opt out?” on the right side
- Once on this page click the link at the bottom of the page to opt out.

Students are unable to opt-out for individual courses; you opt-out for all courses in the semester. This option will be available prior to the beginning of each semester (fall, spring, and summer) through the posted date. The last day to Opt-Out for the Spring 2024 semester is January 29, 2024.

Please give the system 24-48 hours for completion of the opt out process. **Students will get a confirmation email when this is successful. If you do not receive the confirmation email then the process is not complete.** Once this is completed, students can follow the opt out order instructions to place their book order. You will get emails asking if you are sure you want to stay opted out. If you click into those emails again you will be opted in. You have the opportunity to opt back in at any time until January 29, 2024. After that, your decision in the system is final.
