B. SPECIFICATIONS FOR CHARTER BUS SERVICES

1. **GENERAL:** The College will need occasional transportation services from a qualified and experienced firm for the potential of both in-state and out-of-state travel. Travel may have a same-day return or may occasionally require overnight stays. Travel typically requires transport with the capacity to accommodate 20-50 passengers at a time. Multiple buses or other modes of transport may be required simultaneously. The College is seeking a provider that can also supply ADA-compliant vehicles if/when there is a need.
2. **VEHICLES:** All vehicles must be in good condition, have fully functioning air conditioning/heating, and interior lighting. Large capacity vehicles must also have a bathroom. All maintenance records for vehicles must be available to the College for inspection, if requested. Vendor shall ensure that all vehicles are in good condition, cosmetically and mechanically, thoroughly cleaned with restrooms that are sanitized and stocked with toilet paper and soap or hand sanitizer prior to boarding College personnel or students.

All large capacity buses must have under-the-bus storage/baggage compartments with functioning locks, and storage/baggage areas for lower capacity vehicles must be available to meet the needs of the reserving College department. The Contractor must use only their company-owned or leased

vehicles. In the event of mechanical malfunctions or breakdowns, the Contractor will be responsible for providing replacement transportation for the College so that they arrive as scheduled. Any and all costs incurred for the replacement transportation, mechanical repairs, or towing services will be the responsibility of the Contractor. Any back-up or replacement vehicles used must meet the same requirements as those listed in this bid.

The Contractor must provide a Vehicle Inventory List that includes, at a minimum, the year, make, and model of all available vehicles, type and size, rider capacity, as well as the passenger amenities of each vehicle, such as charging outlets, passenger Wi-Fi, satellite TV, ADA equipped, etc.

The College reserves the right to refuse service or request an alternate vehicle if the supplied vehicle is determined to be unsafe according to current Federal Regulations.

3. **SERVICES**: Service scheduling must be flexible, including the ability to change itinerary if necessary, adding up to twenty (20) total miles in distance or two (2) hours in duration. While there is no guarantee as to the number of charters that will be requested, or the distance/duration of said charters, the annual spend on these services is anticipated to average between \$90,000 - \$120,000 per year.

Trips cannot be subcontracted to another transportation company or individual without the prior written approval of the College (other than those subcontractors already approved through this bid in response to Section B.4). Any service the Contractor proposes to sublease to a third-party carrier must first be approved by the College and the Contractor will still be responsible for meeting all requirements of this bid along with being held liable for all actions of the third-party carrier. Any and all approved third parties must comply with all requirements of this bid and all applicable Federal and State of Alabama Regulations.

Contractor shall have emergency and critical incident procedures and arrangements in place to protect passengers and minimize disruption from on-road incidents and vehicle system failures.

Bid response must detail standard reservation procedures and lead time required to make vehicle reservations. Contractor must also include any requirements or fees associated with reservation alterations or cancellations. Cancellation requests, if they occur, typically arise from unexpected weather conditions, changes in schedules, or tournament results that affect athletic schedules. Any penalties that would be imposed must be detailed in the Contractor's bid response.

The Contractor is responsible for ensuring that all drivers stay informed and compliant with any and all revisions to the CDL requirements, and the Contractor will be held responsible for any failures to remain compliant. Contractor must comply with the federal hours-of-service regulations for CDL drivers and must ensure that all drivers are certified as physically and medically qualified and are able to produce their certificate at all times while on duty. The certification should include the required notification of traffic citations, and drug/alcohol testing to include, but not limited to, pre-testing, random testing, and post-accident testing. The contractor is responsible for ensuring that drivers perform the proper pre and post-trip vehicle inspections. The Contractor should provide documentation of their policies that validates compliance with these requirements, but do not send any personally identifying information or copies of driver's licenses. A copy of the Contractor's certification and training procedures must also be provided.

Drivers must stay with their vehicle and be available for contact at any time during the trip, unless specifically excused by the designated group point-of-contact. To meet this requirement, every vehicle/driver must have a fully functioning cell phone available at all times. Drivers must obey all applicable state and federal laws regarding cell phone use while driving.

Contractor must provide a complete and current copy of its Drug & Alcohol policy with this bid response.

In the bid response, the Contractor shall provide a report detailing the accident ratio per 100,000 miles, including details for each accident that occurred in the last twelve (12) months that reporting which party was at fault and if the accident was minor, significant, or major, and if a fatality was involved. 2. Payment to the Vendor will be made after the completion of each order/service and after submission of an invoice by the Vendor. The Vendor shall provide any administrative documentation required, such as disclosure statements, tax identification forms, etc., necessary for the successful processing of payment.
3. The standard arrangement for invoicing shall be single invoices, meaning the Vendor shall provide the College with an invoice for each separate order. Invoices must include specific line-item information, which includes separate line items for each charge, to allow the College to verify that invoiced pricing matches the pricing established through this bid.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.
